👤 **About Me**

Hello...
I'm JANHAVI HINGANGHATKAR from Wardha.
My aim is to create remarkable projects.
I'm passionate about coding and problem solving, always eager to explore new technologies and algorithms.

Outside tech world, I'm a nature-loving artist and photography, always looking to capture inspiration from the world around me.

Beyond Academics, I keep interest in drawing,dance and art.
I love coding, photography & art 🌸

Achievements ↓

2.Robotics Project
"As part of our Creative Technology course, we developed a line-following car model to explore automation and sensor-based navigation."

3.Datathon project
"As part of our Datathon project, we created an AI-powered tool that provides personalized study materials."
Study Material project

💛 My Hobbies

These are the activities that bring me joy and inspiration:

📷 Photography

I love capturing moments and landscapes, especially nature photography.

✏️ Drawing & Painting

Art has been my passion since childhood. I enjoy sketching portraits and painting landscapes.

💻 Coding Projects

I enjoy working on small coding projects to explore new technologies and solve problems.

📖 Reading

I love reading books on technology, psychology, and fiction novels in my free time.
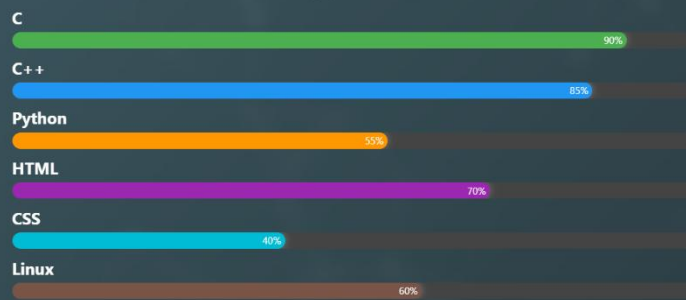

🤸 Nakshtra dance

I like to dance and participate in cultural event.
